

QUICK START GUIDE

USB Fingerprint Reader

Thank you for purchasing this USB fingerprint reader, a versatile, high quality scanning device that can be used for a variety of security applications. We at SecuGen appreciate your business!

Consumer Notices

FCC NOTICE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna; (2) Increase the separation between the equipment and receiver; (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected; or (4) Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance to Part 15 of the FCC Rules could void the user's authority to operate the equipment.

CE NOTICE

This equipment has been tested and found to comply with the limits for a Class B or Class 2 digital device, pursuant to EN 55022 Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at the expense of the user.

Changes or modifications not expressly approved by the party responsible for compliance to EN 55022 Rules could void the user's authority to operate the equipment.

This Class B digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations.

Cet appareil numérique de la classe B respecte toutes les exigences du Règlement sur le matériel brouilleur du Canada.

About This Fingerprint Reader

USB Fingerprint Reader Features

- ✓ Accurate, distortion-free fingerprint scanning
- ✓ High quality, durable, and rugged sensor
- ✓ Patented optical system
- ✓ Ergonomic and user-friendly design
- ✓ Ability to work with dry, moist and difficult-to-scan fingers

Important

The quality of your fingerprints scanned during enrollment will affect the accuracy of matching them. For best results and performance, please follow the suggestions in this guide.

Install Driver

Before using your USB fingerprint reader, drivers must be installed. For Windows, drivers are automatically installed after you plug the reader into the USB port of your PC.

If you have software for this reader, drivers may be included with the software. Drivers are also available for download from SecuGen's website at: www.secugen.com/download

How to Use

Press evenly and keep your finger still. Position the pad of your finger (not the tip) at the center of the sensor.
